

At Dr Paws, we are focused on trying to improve the health of all pets. The best way to do this is through prevention. We have therefore developed this community focused program to make it easy and cost effective to take the best possible care of your pet from day one.

One of the issues that we unfortunately see too often in Australia are cases of preventable diseases such as parvovirus, which kills many young dogs. We want to increase the vaccination compliance within our local community to ensure that the cases we have seen already this year are not repeated. Within the **WellnessProgram**, vaccinations are included at a considerable discount.

We are all pet lovers and, as a result, want to try to promote excellent pet health within our community. We are always trying to think of new ways to make life easier for our patients and pet parents! With this in mind we have created an interactive website where you can ask questions and receive basic pet care advice.

Visit [drpaws.com.au/anakierd](http://drpaws.com.au/anakierd) and ask away!

If you have any questions please call our team at Dr Paws Anakie Road Veterinary Clinic on 03 5272 1880.

# WellnessProgram

## A FEW FACTS TO KNOW

Being a responsible pet owner can become quite costly when considering annual vaccinations, microchips and health checks.

Our **WellnessProgram** is designed to make looking after your pet simple and affordable.

Providing your pet with the care they need benefits their long-term wellbeing.

This program is aimed at preventing disease, detecting any health issues early on and maintaining your pets health through regular check-ups.

Our new **WellnessProgram** is designed to enable pet owners to provide the best care for their pets.

- Unlimited sick pet consultations
- \$150 Dental Procedure Discount
- Free nurse dental checks
- Micro-chipping
- Puppy pre-school or Puppy/Kitten Consult
- Nail clips
- Annual diagnostic blood tests
- Annual diagnostic urine tests

### Your pet will have two comprehensive health assessments per year which include:

- Eye exam
- Ear exam
- Dental exam
- Neurological assessment
- Abdominal palpation
- Urogenital evaluation
- Musculo-skeletal assessment
- Arthritis and pain management assessment
- Heart and lung assessment including blood pressure
- Weight and body condition evaluation
- Coat and skin evaluation

## FAQs

### IS THE WELLNESS PROGRAM LIKE INSURANCE?

No. It is important to note that this is not an insurance policy. Most insurance policies are designed for when pets become unwell, or have accidents and injuries. They don't cover the preventative health issues that the **WellnessProgram** covers.

We recommend combining the **WellnessProgram** with Pet Insurance for total peace of mind.

### IF MY PET GETS SICK AND REQUIRES A LOT OF CONSULTATIONS ARE THESE ALL INCLUDED IN THE PROGRAM?

Yes. You have **unlimited consultations** with the **WellnessProgram**. These consultations can only be made by appointment with the clinic.

### Terms & Conditions:

- Every pet participating in the scheme will need have a working microchip.
- Core Vaccines are included as part of the scheme. For cats this is the F3 or F4 vaccine and for dogs this is the C5 vaccine, which includes Kennel Cough. Rabies vaccine is not included and nor is FIV & FeLV Vaccine.
- FIV & FeLV vaccines can be added to the policy but the first blood test and vaccine will be charged.
- Vaccines will be given in the frequency as directed by the World Small Animal Veterinary Association Guidelines.
- If a pet passes away, it is the responsibility of the owner to contact the direct debit company and to cancel the policy. There may be a delay of one month when cancelling a policy.
- All consultations or vaccinations are offered by appointment only.

No stress program designed to benefit the health of your pet
